Subject: Thank you Letter

Dear Dave and Ed,

I would like to take this opportunity to express to you both, how grateful my family and I are for the professionalism and personal attention that you gave to us relating to the tragic fire at the Rita Grace Apartments in 2015.

The fire and aftermath had a profound impact on my life, as well as, business career. However, from the beginning you and your company were there for me every day! You both stepped up, took the initiative from day one and always brought your "A" game. The handling of this particular tragedy shows that the work that you do, is not about the money, but about the personal lives that you help to restore!

If you ever need any kind of reference or referral, please feel free to either use this email or use my name, personally. I wish you all the best of luck in the future! It has been an honor and pleasure working with you both.

Again, I must convey to you that there are not enough words to express my appreciation! Thank you very much!

Sincerely,

Michael Gordon and Family

Regards michael gordon
